
Cap-seal Milling Machine SXF-18x20

➤ **Function:**

Milling various cap-seals of sliding windows.

➤ **Features:**

Quick and convenient cutter change for short production cycle.

Adjustable profile leading plate, only need to set the locating width when process different profiles.

➤ **Parameter:**

Input Voltage:	220V 50Hz
Input Power:	750W
Main-Shaft Revolution:	2800r/min
Cutter Diameter:	130mm
Milling Range:	18mmx20mm
Overall Dimension:	530mmx530mmx1100mm
Weight:	100kg
