
Single Head Welding Machine SH01

➤ **Function:**

30°~180° welding available.

➤ **Features:**

Especially for arc window and special angle window.

PLC control the welding action program, high reliability.

➤ **Parameter:**

Air Pressure:	0.5MPa~0.8MPa
Air Consumption:	50L/min
Input Voltage:	220V 50Hz
Input Power:	1.5KW
Welding Height:	25mm~120mm
Max. Welding Width:	230mm
Overall Dimension:	960mmx900mmx1460mm
Weight:	260kg
